

FHMGC COVID-19 Local Rules

The Fox Hollow golf course staff, following the directives of the Lakewood City Council for player safety has

1. removed all rakes from the *bunkers*.
2. modified each hole liner with a foam insert to minimize contact with the *flagstick* and *hole*.

In response, the following local rules are in effect for all FHMGC events. These local rules are temporary and in effect at Fox Hollow Golf Course until lifted by the FHMGC Rules Committee.

FLAGSTICKS

The ball is deemed (treated as) *holed* if it comes to rest upon the foam insert and flagstick. The *flagsticks* must not be touched or removed during the play of a hole or on the practice putting greens. Exception: "A non-centered *flagstick* may be centered in the hole [Rule 13.2] with minimal contact with *flagstick* (preferable utilizing your glove, a tissue, your towel or similar).

The foam insert is not to be touched, pressed or altered.

BUNKERS AND RAKES

If a player's ball comes to rest in a *bunker*, the player may mark its location, lift the ball, clean the ball, smooth the surface, and then replace the ball on its estimated original location. The ball may not be "teed" when replaced.

If the ball will not remain at rest when replaced on its original location (EG. on a steep slope) then the player may place the ball on the nearest spot to its original location in the *bunker* which is no closer to the hole and where it will remain at rest.

Penalty for placing the ball in a wrong place is the general penalty [Rule 14.7].

Please smooth the *bunker* surface when exiting it as a courtesy to the following group(s).

Failure to follow the above guidelines and local rules during a FHMGC event may result in the revocation of a player entry and additional imposed sanctions by the FHMGC Board of Directors.

Below are some guidelines and regulations released by Fox Hollow Golf Course and the City of Lakewood.

Please adhere to the 6-foot social distancing requirements on our courses at all times. Face coverings are recommended at all times. Stay safe, stay healthy and have fun!

CART RULES

- Please PARK carts with all wheels on cart path, especially at tee box and green areas.
- Please use MODIFIED 90° rule:
 - Stay on cart path until adjacent from ball (90°).
 - Enter fairway and remain in fairway, as much as possible, to cart arrow sign.
 - Exit back to cart path at 90°
- Please keep carts on path on all par 3's.
- Please keep carts out of native grass areas (taller wispy grasses).

ON THE COURSE

- Bunker rakes, water stations, ball cleaners and benches have been removed from the courses to eliminate high touch points.
- Guests are encouraged to bring their own water bottles to the courses.
- Please repair your ball marks on the greens.
- Putt with the flagstick in the hole as opposed to removing it to eliminate a high touch point.
- **Do not touch or remove flagsticks!**
- No outside alcohol is permitted due to liquor licensing laws.
